

Checking Heat Probability

- Check the Heat & Insemination Task
- Look at the Insemination moment column
 - Grey dot means where the cow is at that current moment in real time
 - The yellow zone, period with a reduced chance of pregnancy
 - The green zone, period with the highest chance of pregnancy

Heat&Insemination

Milk cows

Unassign Mark as done

Animal number	Animal name	Lactation no	Lactation days	Age	Insemina... number	Status	Day production	On set of heat	Time away	Heat probability max.	Insemination moment	Remarks
724	HENNIE 724	6	478		1	Pregnant(392)	13.8	31-10-2022 12:00	14:40	31
